Re: Freedom of Information Act Request

Dear Freedom of Information Act Officer:

This is a request under the Freedom of Information Act.

I request a copy of all communications, documents, and records held by the EPA related to the agency's plans to make public its April 2, 2018, final determination on light-duty vehicle greenhouse gas standards for model years 2022-2025.

This should include any communications, documents, and records related to: the EPA's April 2, 2018, press release announcing the final determination titled "EPA Administrator Pruitt: GHG Emissions Standards for Cars and Light Trucks Should Be Revised," any talking points distributed to outside groups ahead of the April 2, 2018, press release, and the EPA's April 3, 2018, event ultimately held at agency headquarters that included remarks from EPA Administrator Scott Pruitt.

"All communications, documents, and records" should include all internal or external correspondence between EPA officials and staff and others outside EPA, and include all faxes, reports, communication, letters, office emails, private emails, PowerPoint presentations, minutes of meetings, schedules, lists, slides, written notes, and/or other forms of information in which the final determination on light-duty greenhouse gas standards for model years 2022-2025 and the EPA's mid-term evaluation of those standards are mentioned.

To help with your search, others outside EPA could include, but not be limited to, members of the Alliance for Automobile Manufacturers, the Association of Global Automakers, the National Automobile Dealers Association, the Pohanka Automotive Group, the Competitive Enterprise Institute, the American Energy Alliance, the Heritage Institute, Americans for Prosperity, Americans for Tax Reform, and the Caesar Rodney Institute.

For the purposes of this request, I seek records produced, modified, or transmitted between March 1, 2018, and the date on which this request is perfected.

In order to help to determine my status to assess fees, you should know that I am a reporter with Bloomberg Environment, and this request is made as part of news gathering and not for a commercial use.

Thank you for your consideration of this request.

Sincerely,
